

SEQUOIA CONFERENCE

“PREPARING FOR THE AI-EVERYWHERE ERA”

APRIL 3-4, 2025

Sequoia Con is for the practitioners, not the “thought leaders” sitting in an office somewhere. A unique conference model, Sequoia is 100% by K12 educators for K12 educators: teachers teach teachers, principals teach principals, CTOs teach CTOs, Sups teach Sups. At Sequoia, you will hear from people using AI to save themselves time, to improve their instructional approach, deal with difficult students/parents, and make their lives better. You’ll also learn from people who are using AI to teach your subject, win over faculty like yours, overcome your technical challenges, and more.

The best AI conference in K12.

EARLY BIRD: \$379/PERSON (before February 1st)

REGULAR: \$429/PERSON

Buying more than 10 seats?

Reach out to events@evergreen.ai for a bulk discount!

Price includes

- Two-day virtual conference

- Lifelong access to recordings post-webinar
- Post-conference resources for plug-and-play use
- Networking with other educators
- Access to AI tools and sponsors

SEQUOIA CONFERENCE

APRIL 3-4, 2025

Last Year's Speakers

**Dr. Pooja
Agarwal**

**Eric
Curts**

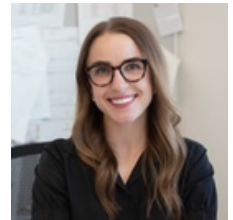

**Mike
Yates**

**Laurel Aguilar-
Kirchhoff**

**Jake
Carr**

**Sophie
Theodorou**

"I actually learned a lot. I found out there is a lot to think about when bringing AI into our schools, but that we are cheating out students out of knowledge they will need if not. I learned about a bunch of cool ways to use AI and new AI platforms to check out."

-Carolynn, Assistant Superintendent of Instruction

"Preparing For the AI- Everywhere Era"

Day 1: *Preparing Ourselves & Our Systems*

- AI Essentials & Building an AI-Ready Culture
- Policy: Safety, Equity, & Accessibility
- Professional Development
- AI Literacy

- Data-Driven Decision Making

Day 2: *AI Everywhere*

- Lesson Planning & Design
- Assessment
- Student Support & Wellness
- Administration & Operations
- Tools & Apps

Call for Presenters

Are you already using AI to solve problems, improve instruction or save time?

Consider applying!

Even if you don't feel you're doing anything "groundbreaking," you still add value to the conversation.

Take a chance! Apply and see what happens:
