AI Academy

Preparing you for the AI Era & Executive Orders

Why the AI Academy Works

Live & Responsive

- *Live 3-hour sessions (always recorded!)*
- *Mix of structured & choose-your-own-adventure mentor sessions*
- *Delivered by leaders in the AI field who can help localize solutions for every context.*

Action-Oriented

- *Focused on action—not just documents that gather dust*
- *Oriented toward “scientific method” of short, safe experiments to see what works in your buildings*
- *Readying you for E.O. changes*

Grow Together

- *Cohort-based model allows for peer learning*
- *Work alongside others going through this journey*
- *Gain insight into other AI approaches for the 2025-2026 context*

About You

1

You might be the AI Lead everyone turns to for answers on AI—especially now with federal expectations looming.

2

You might be on an AI Task Force with a large remit but not a lot of time, expertise

3

You're might be planning on—or are seeking—crucial federal funding in 2025–26.

About Us

Evergreen Education exists to bridge the gap between tech and the world of education. Our faculty are “techies that can teach” and approach AI with pragmatism.

We’ve worked with schools from coast to coast, from local schools to state-level organizations to help schools prepare themselves for the AI Era.

We also work with federal programs and are on the frontlines of navigating new mandates. We’ve got you.
