AI EDUCATION

SPRING AI ACADEMY

MARCH 2026 - JUNE 2026

Close out the year strong, and jumpstart next year's efforts with a firm foundation!

Date	Session	Location
March 17th 8:30-11:30am PST	***AI Foundations: The "Why" Behind AI*** Learn the basics of how AI works and why it is changing education. We will focus on the practical side of data privacy, school policy, and how to handle cheating and academic integrity.	Virtual via Zoom
April 21st 8:30-11:30am PST	***Improving Teaching and Learning with AI*** See how AI tools can help students improve their reading, writing, and math skills. You will learn how to help students check AI work for accuracy, use AI to solve and explain complex problems, and create personalized lessons for different learning levels.	Virtual via Zoom
May 21st 8:30-11:30am PST	***AI for Student Wellness, Belonging, and Engagement*** Discover how AI can help track and support student mental health, attendance, and a sense of belonging. We will discuss how to use these tools safely to help reduce suspensions and keep students in class, while avoiding risks like bias or privacy leaks.	Virtual via Zoom
June 18th 8:30-11:30am PST	***Student AI Literacy: Skills for Every Classroom*** Help students master the universal skills they need to succeed in any subject. This session shows you how to teach students to write effective instructions for AI, think critically about the information they receive, and understand the logic behind digital tools.	Virtual via Zoom
